Shorthorn Breeders and Friends:

Palmer G. Bundy had great plans for Bonyne Farms and his untimely passing was a shock to the entire area. It is our fondest hope that from this Dispersal several new herds will be established with young people and others, who will produce Scotch Shorthorns in the pattern that is so self evident as you inspect the individuals that were to be in the 1964 show herd. They are in this sale.

Working for the Bundys the past two years has been most enjoyable for myself and my family. Although Mr. Bundy's business didn't give him much time to spend with the cattle, he made a point to see them every day.

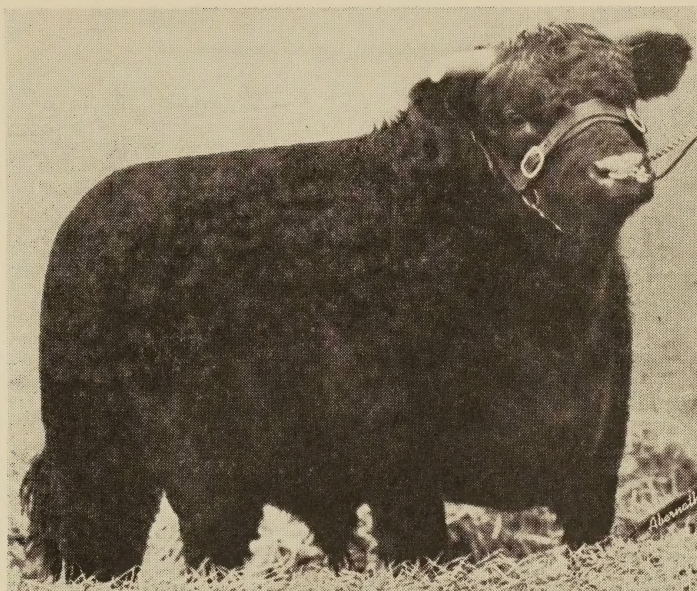

The herd was started in 1956 with the purchase of two animals which are still in the herd. The next year M S U Gem 95th, a bred heifer, was purchased. Her first calf won its class at the Michigan State Fair. A small herd was purchased at private treaty, a sound and healthy group of cattle. The purchase of Bilmar Corporal 9th, a son of Kair Corporal, contributed considerably to the herd. His good daughters were kept. Willow Lee Sensation was added and several of his daughters are in the herd now. Many of them have done very well at the fairs. In 1962 Bilmar Realization was added, also an interest in Bilmar Raider by Leveldale Romancer. Their calves will speak for themselves.

We would be more than pleased if you find it convenient to inspect the Bonyne Herd previous to March 24th. Sale headquarters are the Hawaiian Gardens Motel and Restaurant nearby.

I will be looking forward to meeting everyone sale day.
